Italian style, crafted for your wellbeing.

VERISSIMO

More than 140 years of passion,
tradition and attention to detail.

ALLEGRISSIMO

The joy of being together, delighting others,

BUONISSIMO

Authentic ingredients and recipes,
inspired by the Mediterranean diet

HAZELNUTS, ALMONDS AND PISTACHIOS: THE INGREDIENTS OF OUR ITALIAN CHOCOLATE

Piedmont Hazelnuts, pistachios and almonds are the main ingredients of our Italian chocolate: delicious, balanced recipes inspired by the principles of the Mediterranean diet and made with healthy, wholesome and natural ingredients only. This is why you can enjoy our chocolate without any guilt whatsoever. A moment of joy each day, crafted for your wellbeing.

AN EXCEPTIONAL SUPPLY CHAIN

Cultivated entirely in Piedmont, especially at the heart of the Langhe region, Piedmont Hazelnuts are globally renowned as the best variety of hazelnut in the world. In 2020, we established an innovative partnership with a group of selected farmers operating in the Alta Langa area, with the aim of improving the quality of our most previous ingredient and creating a short, controlled and certified supply chain. The producers, which stand out for their quality and hospitality, sell their hazelnut harvest to Venchi, following a strict quality code that regulates the harvesting process, selection and storage of the produce.

THE GREEN GEM OF THE MEDITERRANEAN

Whole and roasted, in the form of crunchy, lightly salted grains or as a creamy paste, the pistachio is, together with the hazelnut, a key ingredient for creating the textural and flavour contrasts that make our most delicious and world-renowned recipes so unique.

OUR COMMITMENT TO SUSTAINABILITY

SAES Coated Films for Venchi

To further preserve their quality for the duration of the shelf life, while maintaining the taste and aromas, we are proud to launch on the market, starting jan2023, an innovative packaging for all our 1 kg chocolates bags . Upon our request SAES Coated Films -a company specialized in the production of lacquers with barrier and active properties, as part of an extensive co-design project, developed a new proprietary coating optimal for our products - finalized and applied to the surface of our packaging film a special and innovative antioxidant coating using cutting-edge water-based technologies; this coating retards the oxidation of unsaturated fats contained in food products by blocking the action of oxygen naturally present in the bags. A feature not always achievable by standard materials in common use in food packaging. In support of this project, the recent introduction in our factory, of new machinery for packaging bulk bags, has made possible a significant reduction of the air trapped in the envelope, significantly improving active coating performance and product quality over time.

Rainforest Alliance

To continuously improve industrial processes, the selection of raw materials and materials to ensure an increasingly transparent and sustainable value chain, in Venchi we opened the first chapter dedicated to cocoa, with the Rainforest Alliance certification of the -70% of Sugars family. Rainforest Alliance is an independent NGO that certifies the cocoa supply chain with the aim of preserving biodiversity, protecting the environment and promoting the rights and welfare of workers, their families and communities. The project will continue with the cocoa certification of all our offer within the next two years.

We at Venchi are committed to continually improving processes and the selection of materials and suppliers to ensure an increasingly transparent and sustainable supply chain and we are gradually changing all our packaging :

CHOCOVIAR WHOYOUARE

Flavour has always been a powerful tool for expressing ourselves. The expression “we are what we eat” is no coincidence. For this reason, we’ve chosen to present our iconic Chocoviar chocolates and the variety of recipes on offer with personalities that differ in terms of style and character.

Chocoviar are Venchi’s most beloved treats worldwide. They witness the expertise, style and creativity of the brand thanks to their unique and sophisticated blend of contrasts, delightful fillings and textures, topped with crunchy chocolate micropearls.

Even the smallest decisions we make reveal something about our personality. Express yourself with CHOCOVIAR, from the modern, carefree charm of pistachio to the bold and intense character of 75% Dark chocolate.

And, from this year, two irresistible new flavours join the selection: Chocoviar Arancia, with a soft filling of Blood Orange in a dark chocolate shell topped with crunchy 75% dark Chocoviar micropearls, and Chocoviar Stracciatella, with a creamy filling with vanilla beans and nibs, covered in milk chocolate and milk Chocoviar micropearls.

BARS

The simplest form of a good mood, pure expression of Venchi chocolate for over 140 years.

From traditional recipes to the most surprising ones, of milk or extra dark chocolate, with creamy filling or crunchy grains, vegan friendly or with savoury pistachios, up to the range of -70% sugars, Gianduia with Piedmont Hazelnut recipes and the new bars with almonds or caramel.

All waiting to be discovered, tasted and shared!

WHEN VENCHI CHOCOLATE MEETS NUTS

As well as being tasty and nutritious, Almonds, Hazelnuts and pistachios are wholesome ingredients, at the heart of the Mediterranean diet thanks to their benefits. Whether whole or roasted, caramelised, grains or in a creamy, enveloping Gianduia version, the Piedmont Hazelnut takes undisputed centre stage in Venchi's most iconic recipes.

The pistachio has inspired many of the new recipes this year. Thanks to its Mediterranean aroma and slightly savoury taste, it combines perfectly with the sweetness of the chocolate, to create a contrast of taste and consistency. The Almond is an ingredient found in numerous traditional Italian desserts and combines with chocolate to give an irresistible crunchiness. Perfect ingredients to create new balanced, tasty recipes, following our philosophy of something that is tasty and healthy!
